Dear Pete:

Enclosed is a brief application for administrative approval of a non-standard drilling location for Aztec's Ute Indian No. 1 oil well. As you know, this well was initially drilled and abandoned as a dry hole, and then on August 8, 1956 was re-worked and completed as an oil well.

Should you need any additional information or data concerning this well, please let us know.

With thanks and best personal regards, I am

Yours very truly,
