LOG OF OIL OR GAS WELL

The following information is for the use of the recipient only. It is not to be distributed outside the recipient's organization.

See Attached

It is of the greatest importance to have a complete history of the well. Please state in detail the dates and things, together with the reasons for the work and its results. If there were any changes made in the casing, state fully, and if any casing was substituted, object to the well, give its size and location. If the well has been dynamited, give date, size, location, and number of shots. If piers or bridges were put in to rest for water, state kind of material used, position, and results of jacking or raising.
