Dear Mr. De Jong:

Our records indicate that there has been a continuous six-month period of non-injection into these injection wells. Pursuant to Rule 705-C-1, your authorization to inject has terminated.

Also, the above wells are inactive and require P&A or TA approval under Rules 201, 202 and 203. Please add these wells to the previous list dated December 27, 1991. Plans to bring these wells into compliance are to be submitted by December 31, 1992 and work completed by July 21, 1993.

If you have any questions please feel free to contact this office.

Sincerely,
