RE: A Gross #1, K-09-31N-13W, 30-045-10894

Dear Mr. Greer:

Frank Chavez received your letter dated November 26, 1996. After discussion of your letter on the above referenced well, we determined the following requirements will have to be met before an extension is allowed on the deadline for bringing this well into compliance:

1. The well will have to have a Bradenhead Test conducted on it and witnessed by someone from our office before December 24, 1996.
2. A Sundry Notice (C-103) must be submitted to our office on or before January 1, 1997. This sundry must state what B-M-G is determined to do in order to bring the A Gross #1 into compliance (well returned to production, TA or P&A), with a complete description of the work to be done. All work must be completed on or before March 1, 1997, in order for this well to be considered in compliance.

Please feel free to call Frank Chavez or myself at 334-6178 if you have questions.

Sincerely,

Ernest Cardona
Deputy O&G Inspector
