	DETAILS	OF WORK		
State names of and expected depths			proposed casings; indicate muddi	ing jobs, ceme
State names of and expected depths		veights, and lengths of	proposed casings; indicate muddi ork)	ing jobs, ceme
	to objective sands; show sizes, w	veights, and lengths of	proposed casings; indicate muddi ork)	ing jobs, ceme
epudsed 8/25/00.	to objective sands; show sizes, w ing points, and all other	veights, and lengths of important proposed w	ork)	
epudded 8/19/80. led 15° hole to 8 deg	to objective sands; show sizes, wing points, and all other	veights, and lengths of important proposed w	ork)	is' once
spudded 8/15/80. led 15" hole to & deg 0 see. Pressured on	to objective sands; show sizes, wing points, and all other	veights, and lengths of important proposed w	# 12-40 casing at 20 rap in pressure.	38' oese After ou
epudated 8/25/80. led 15" hole to 6 am 0 ems. Pressured com plus was drilled and	to objective sands; show sizes, we ing points, and all other than the same and the	veights, and lengths of important proposed w 10-3/4* 32.75 0 216. w/10 d	# 12-40 casing at 20 rap in pressure.	38' oese After ou
epudated 8/25/80. led 15" hole to 6 am 0 ems. Pressured com plus was drilled and	to objective sands; show sizes, we ing points, and all other than the same and the	veights, and lengths of important proposed w 10-3/4* 32.75 0 216. w/10 d	# 12-40 casing at 20 rap in pressure.	38' oese After ou
epudded 8/75/80. led 15" hole to & day 0 exa. Pressured day plus was drilled and	to objective sands; show sizes, we ing points, and all other than the same and the	veights, and lengths of important proposed w 10-3/4* 32.75 0 216. w/10 d	# 12-40 casing at 20 rap in pressure.	38' oese After ou
epudded 8/75/80. led 15" hole to & day 0 exa. Pressured day plus was drilled and	to objective sands; show sizes, we ing points, and all other than the same and the	veights, and lengths of important proposed w 10-3/4* 32.75 0 216. w/10 d	# 12-40 casing at 20 rap in pressure.	38' oese After ou
epodded 8/75/80. led 15" hole to & deg 0 exe. Pressured eas plus was drilled and	to objective sands; show sizes, we ing points, and all other than the same and the	veights, and lengths of important proposed w 10-3/4* 32.75 0 216. w/10 d	# 12-40 casing at 20 rap in pressure.	38' outse After ou
epudated 8/25/80. led 15" hole to 6 am 0 ems. Pressured com plus was drilled and	to objective sands; show sizes, we ing points, and all other than the same and the	veights, and lengths of important proposed w 10-3/4* 32.75 0 216. w/10 d	A to 3000 for 30 at SEP7	38' oese After oe
epodded 8/75/80. led 15" hole to & deg 0 exe. Pressured eas plus was drilled and	to objective sands; show sizes, we ing points, and all other than the same and the	veights, and lengths of important proposed w 10-3/4* 32.75 0 216. w/10 d	# 12-40 casing at 20 rap in pressure.	38' outse After ou
epodded 8/75/80. led 15" hole to a deg 0 exa. Pressured can plug was drilled and esiable drop in press	to objective sands; show sizes, wing points, and all other sizes.	veights, and lengths of important proposed with the second	ARLEN	16. V/m
apadied 8/15/80. led 15" hole to a deg 0 eas. Pressured das pluc was drilled and esiable drop in press	to objective sands; show sizes, wing points, and all other ing points, and all other ing points.	veights, and lengths of important proposed with the length of the length	ARLEN	16. V/m
epudded 8/15/50. led 15" hole to a day 0 sas. Pressured day plus was drilled and eciable drop in press I understand that this plan of wo	to objective sands; show sizes, wing points, and all other ing points, and all other ing to 500 for 3	veights, and lengths of important proposed with the length of the length	ARLEN	16. V/m
I understand that this plan of wo	to objective sands; show sizes, wing points, and all other ing points, and all other ing to 500 for 3	veights, and lengths of important proposed with the length of the length	ARLEN	16. V/m
I understand that this plan of wo	to objective sands; show sizes, wing points, and all other ing points, and all other ing points. The same same same same same same same sam	reights, and lengths of important proposed with the second	at a south of the	16. V/m
I understand that this plan of wo	to objective sands; show sizes, wing points, and all other ing points, and all other ing points. The same same same same same same same sam	reights, and lengths of important proposed with the second	at a south of the	16. V/m
I understand that this plan of wo	to objective sands; show sizes, wing points, and all other ing points, and all other ing points. The same same same same same same same sam	reights, and lengths of important proposed with the second	ARLEN	fter ce
