Re: Navajo Tribe of Indians F #130

Dear Sharon:

I have just received reports on the above well for the intent to re-enter, the re-entry report, and to return well to production.

Your monthly operator reports (form C-115) show that this well has been producing since July, 1984 without an approved C-104 being filed with the State of New Mexico and without an initial C-116 being filed for an allowable.

The above C-104 and C-116 must be filed with the State immediately. Before C-104 approval will be granted a completion report, treating this as any newly completed well, will have to be submitted.

If you have any questions, please contact me.

Sincerely,
