RE: Illegal Pits in Northwestern New Mexico
SRC Childers #1, N-01-31N-11W

Dear Mr. McMillan:

New Mexico Oil Conservation Order R-8952 (for the protection of migratory birds) became effective June 15, 1989 and states that all pits and open tanks more than 16' in diameter shall be screened, netted or covered.

On August 18, 1993 field inspections conducted by Ernie Busch revealed that the above mentioned pit contained approximately 1 bbl water with a hydrocarbon skim. In order for this pit to be in compliance, you are hereby directed to remove all fluid or properly net this pit by September 23, 1993.

If you have any questions please feel free to call this office.

Sincerely,

Dianna K. Fairhurst

Dianna K. Fairhurst
Deputy Oil & Gas Inspector
