If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Amoco Production Company requested permission to sidetrack and recomplate the above referenced well and has not performed the work because of a decision to include this location in a 3-D Seismic Survey. The survey has been done and Amoco is in the process of interpreting the data. In response to your demand letter dated June 9, 1995, please be advised that Amoco anticipates the sidetrack and recompletion of this well will be completed by December 31, 1995.
