17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This notice will serve as clarification of the current status of this well for the record.

The well was originally completed 10/18/59 as a producing oil well; 9/29/60 the well was converted to a water injection well. Sometime prior to Solar Petroleum, Inc. acquiring operations, the well was returned to producing status. There are no forms in our files documenting this return to production.

This notice is being filed simply to confirm the well's current status as a producing oil well.

18. I hereby certify that the foregoing is true and correct
