13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Temporary pit required due to casing leak. Repair to be completed by 9/15/00

RE: Sundry Notice clarification

Dear Stephen

Per your request, I offer the following procedure for repairing the casing on well# F104, API 300451105500S1 on Navajo "F" lease # 14-20-603-2034.

- run hole
- pack off
- locate leak
- squeeze w/cement
- drill out
- test
- resqueeze if necessary
- return to production

Please amend our original request dated 6/12/00 to reflect these procedures. Phone me if you require any additional information.

Sincerely,

Ted. W. Griffin
Superintendent
