SUNDRY NOTICES AND REPORTS ON WELLS

NOTICE OF INTENTION TO DRILL		1 1
		SUBSEQUENT REPORT OF WATER SHUT-OFF
NOTICE OF INTENTION TO CHANGE PLANS		SUBSEQUENT REPORT OF SHOOTING OR ACIDIZANE
NOTICE OF INTENTION TO TEST WATER SHUT-OFF		SUBSEQUENT REPORT OF ALTERING CASING.
NOTICE OF INTENTION TO REDRILL OR REPAIR WELL		SUBSEQUENT REPORT OF REDRILLING OR REPAIR. AUG 7.96
NOTICE OF INTENTION TO SHOOT OR ACIDIZE		
NOTICE OF INTENTION TO PULL OR ALTER CASING		SUPPLEMENTARY WELL HISTORY.
NOTICE OF INTENTION	3	U.S. GEOLOGICAL SUR
(INDICATE ABOVE BY CHE	CK MARK NAT	URE OF REPORT, NOTICE, OR OTHER DATA)

		OF WORK
ing points	, and all other	reights, and lengths of proposed casings; indicate mulding jobs, coment important proposed work)
ing points	, and all other	reignts, and lengths of proposed casings; indicate muching jobs, comeny
ing points	, and all other	reignts, and lengths of proposed casings; indicate muching jobs, comments important proposed work)
ing points the wall was completed 7-8-63 a 1232-42', but was tempore	and all other	or injection well, to inject into the
ing points the well was completed 7-4-63 a 1232-42', but was tempore	and all other	or injection well, to inject into the
ing points the well was completed 7-8-63 (1230-62', but was tempore thereland project approved by t	, and all other no & wat no 12y di 1865 204	or injection well, to inject into the whole will materilest plane were complete.
ing points the well was completed 7-8-63 a thing 1232-62', but was tempore throfiled project approved by t	and all other	or important proposed work) tr important proposed casings; indicate mutuality jobs, common work in the important proposed work) tr important proposed work)
ing points the wall was completed 7-4-63 a hillow 1232-62', but was tempore therefored project approved by t ill telebog, clean sub send bale	and all other as a wat arily di solution let	or important proposed work) or important proposed work into the not-dra until understand plane were complete tor duted 7-06-63, algord by John A. Andon retions 1252-62', and propose unliked for
ing points the well was completed 7-8-63 a Liup 1232-61', but was tempera Annellood project approved by t Ill tubing, clean out good tole her injection.	and all other se a weak serily dis	ter important proposed work) ter important proposed into the ter important proposed work) ter important proposed work) ter important proposed work) ter important proposed work)
ing points the well was completed 7-8-63 a thus 1232-62', but was tempore thus look project approved by t thing, clean sub good believes injection.	and all other se a weak writy do writy do writy do writy do	or injection well, to inject into the whole will weterfield plane were complete. Now detect 7-86-63, eigned by John A. Andrew wettens 1233-63, and propose wellhead for
ing points the wall was completed 7-8-63 (1232-42', but was tempore therelood project approved by 1 121 tubing, clean out good tale ther injection.	and all other	or injection well, to inject into the whole will refer the plane were complete the detect 7-65-63, algorithm to John A. Andrew without 1251-61, and propose wellhood for
ing points the wall was completed 7-8-63 (1230 1232-62', but was tempore therefored project approved by t 12 teletag, clean sub sand bale ther injection.	and all other	or injection well, to inject into the mi-in until meterized plane were complete the mi-in until unterfined plane were complete tor dated 7-06-63, algority John A. Andrew wetters 1252-62', and propose wellhood for
ing points the well was completed 7-4-63 (1230-1232-12', but was temperature approved by the states, clean out send tele ther injection.	and all other se a week serily dis	or injection well, to inject into the mi-dn well meterized plane were complete the dated 7-66-63, algority join A. Andrew wellens 1232-61, and propose wellhood for
de will we completed 7-8-63 : Map 1232-41', but was tempore destined project approved by t 01 tubing, clean out sand beli for injection.	ng a voð urlig glu 1865 led ur parðu	or injection well, to inject into the mi-in whill unterficed plane were complete for dated 7-86-63, algord by John A. Andrew rotions 1233-61', and propose wellhood for
tie will was completed 7-8-63 : Map 1232-62', but was tempore desclosed project approved by t ill tubing, close out send bale that injection.	ng a voð urlig glu 1865 led ur parðu	important proposed work) or injection well, to inject into the mi-dn well weberfield plane were complete. The dated 7-65-63, algorithm for malihant for water lighting and propose wellhand for this by the Geological Survey before operations may be commenced.
the well was completed 7-6-63 and large 1232-62', but was tempore therefored project approved by the finding, clean sub good believe injustion. I understand that this plan of work must receive a	pproval in wri	or injection well, to inject into the mi-in whill unterficed plane were complete for dated 7-86-63, algord by John A. Andrew rotions 1233-61', and propose wellhood for
the well was completed 7-6-63 and labor 1232-61', but was tempored by the first and balance and said balance in justice. I understand that this plan of work must receive a company	pproval in wri	or injection well, to inject into the mt-dn until unterficed plane were complete that dated 7-65-63, algorithm by John A. Andorre wellmant for wellows life-in, and propose wellhood for thing by the Geological Survey before operations may be commenced.
the well was completed 7-6-63 and large 1232-62', but was tempore therefored project approved by the finding, clean sub good believe injustion. I understand that this plan of work must receive a	pproval in wri	the injection well, to inject into the mi-in until unterfined plane were complete. And we detect 7-65-63, signed by John A. Andon waters 1231-61, and propose wellhood for ting by the Geological Survey before operations may be commenced.
the well was completed 7-6-63 and large 1233-61', but was tempored by the first tempored	pproval in wri	or injection well, to inject into the mi-dn until unterficed plane were complete. ther dated 7-65-63, algorithm by John A. Andorre wettens 1252-62', and propose wellhood for thing by the Geological Survey before operations may be commenced.
do well was completed 7-5-53 along 1232-62, but was tempore develored project approved by 121 testing, closes out need believed injuction. I understand that this plan of work must receive a company	pproval in wri	ting by the Geological Survey before operations may be commenced.
