February 1, 1960

Well No. 22-29 is located 1130 ft. from S line and 1570 ft. from W line of sec. 29

SW 1/4 Sec. 29 32N 7W N.M.P.M.
(1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)
Blanco Mesa Verde San Juan New Mexico
(Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is 6315 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

It was originally intended to complete this well in the Mesa Verde and Dakota formations. The Dakota formation was found to be non-commercial and was temporarily abandoned 1-12-60. The well was completed in the Mesa Verde formation only.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Company El Paso Natural Gas Company
