Re: Application for Permit to Drill
Allison Unit #41
NESW/4 Section 29, T-32-N, R-6-W
Basin Dakota /

Dear Mr. Long:

Details regarding existing roads, pipelines, wells, etc. relative to the above well location are included on the previously submitted base maps, "Field Road Map" and "Composite Map No. 1".

The proposed new well location, new roads and new pipeline are shown on the attached plat along with connecting existing roads and pipelines in the vicinity of the proposed new well.

Water for drilling and completion operations will be obtained from an irrigation ditch located in LaPlata County, Colorado, just south of Allison, Colorado. Waste material will be disposed of by burial in the burn pit, latrine, or reserve pit as applicable. There will be no camp nor air strip associated with drilling this well. Upon completion or abandonment of this well, the location will be cleaned and leveled and a dry hole marker placed if applicable.

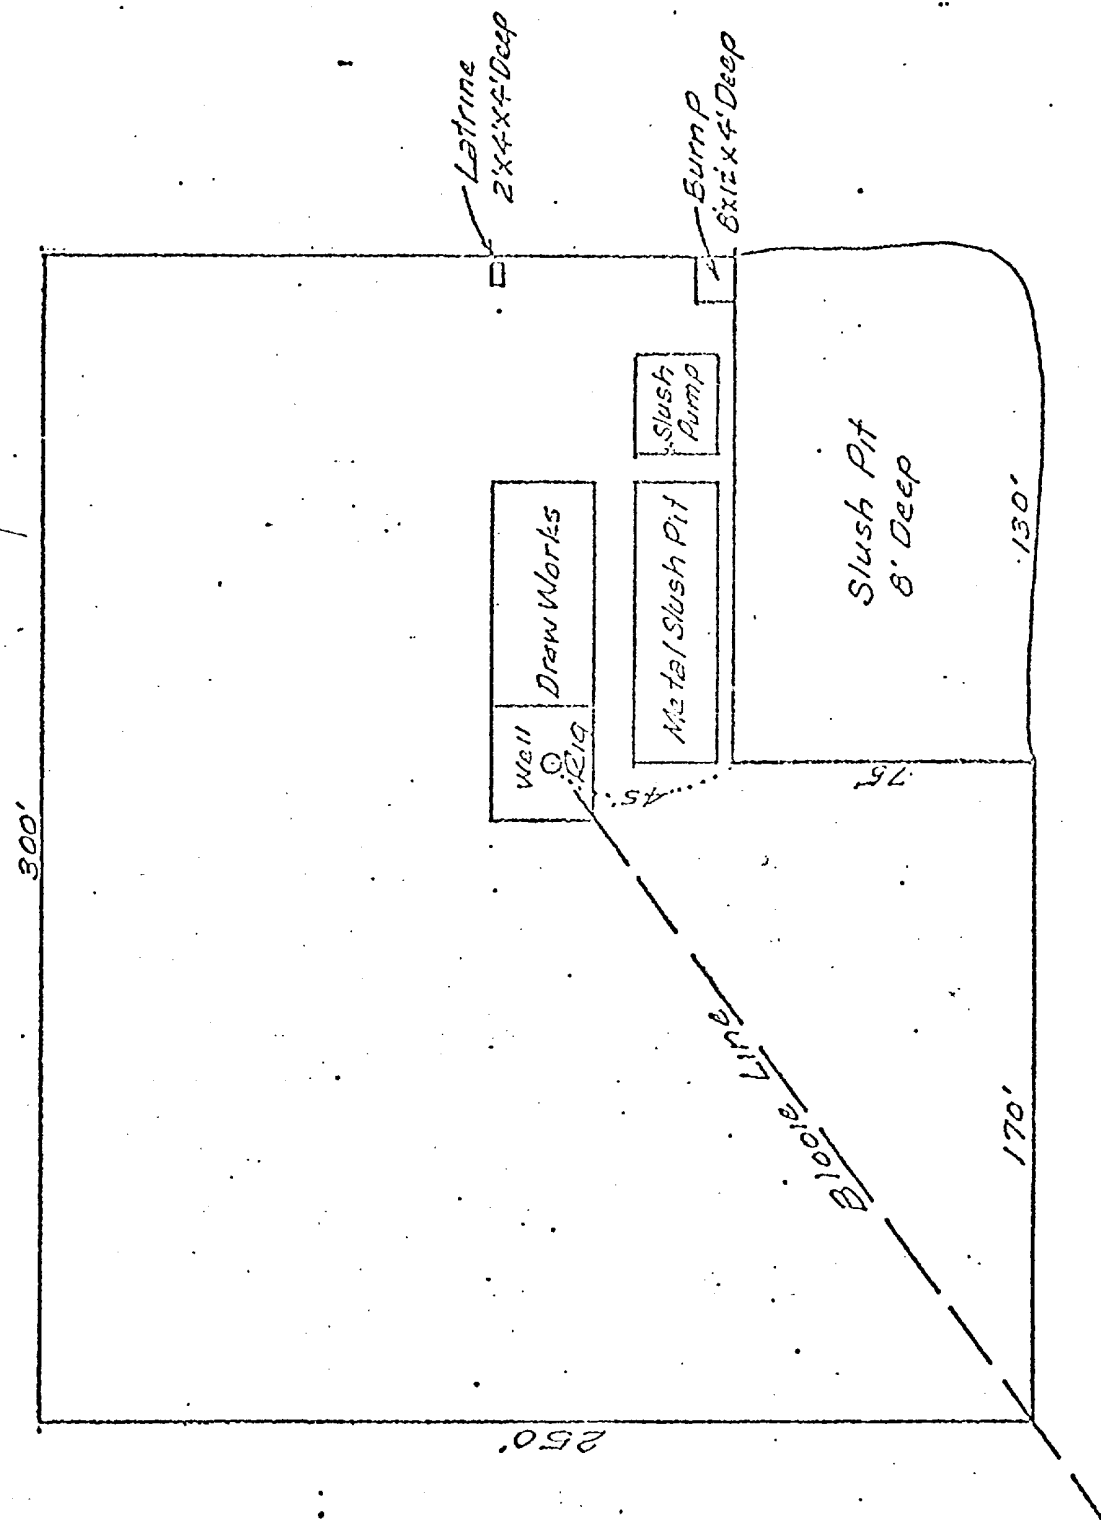

Sincerely,

D. G. Brisco

D. G. Brisco
Drilling Clerk
