17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The main basal Fruitland coal has been temporarily abandoned by setting a CIBP at 2810'. The upper Fruitland seams have been completed. Amoco plans to test the Upper seams for a period of 30 days once production equipment is set. The production will be closely monitored for both gas and water production and the results will be reported to the NMOC on a weekly basis. The purpose of this completion is to test the upper seam productivity.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
