Gentlemen:

McEwen Gas Com Well No. 1-A Locations
565' FWL and 525' FNL, Section 5, T-31-N, R-10-W
San Juan County, New Mexico

Attached are forms for the planned location of our McEwen Gas Com Well No. 1-A, Blanco Mesaverde Field well on BLM land. This is not an orthodox drilling location but is necessitated by the terrain and environmental considerations in this quarter section. Application for administrative approval of this nonstandard location is being made to the NMOCC in Santa Fe by our Denver Division Office.

We appreciate your previous return of our submitted applications for this well at 790' FNL and 1105' FWL, Section 5, T31N, R10W, dated August 17, 1976, on BLM land, and cancellation at 1035' FNL and 1825' FWL, Section 5, T31N, R10W, dated June 25, 1976, on Fee land.

We are sorry for the confusion these various applications for this well may have caused.

Yours very truly,

L. O. Speer, Jr.
