Re: State Deliverability Request
San Juan Basin, New Mexico

Gentlemen:

Below is a list of Tenneco operated wells which have been converted to plunger lift, rod pump or compression. These conversions have resulted in substantial increases compared to the 1986 State deliverabilities. It is therefore requested that these wells be approved for retest.

<u>WELL</u>	<u>1986 ST DELIV (MCFD)</u>	<u>CURRENT CAPACITY (MCFD)</u>	<u>INCREASE (MCFD)</u>	<u>CONVERSION TYPE</u>
Barrett LS 2A	490	700	210	Compressor
Riddle C LS 2A	638	1050	412	Plunger
Schwerdtfeger LS 2A	165	575	410	Rod Pump
Schwerdtfeger LS 2	217	500	283	Compressor

If you need additional information, please contact me at (303) 740-4841.

Very truly yours,

TENNECO OIL COMPANY
