Dear Mr. Ramey:

On May 4, 1977 we sent you a letter requesting administrative approval for an unorthodox gas well location. The location of the well was listed incorrectly; therefore, please consider this letter as our application.

This is a request for administrative approval for an unorthodox gas well location for an infill Mesa Verde well in the Blanco Mesa Verde pool.

It is intended to locate El Paso Natural Gas Company's Hutchin #1A 1510' from the south line and 2000' from the east line of Section 7, T-31-N, R-10-W, San Juan County, New Mexico.

This well cannot be located any further to the ^{East}~~north~~ without interfering with farming operations in the area. Directly north of the proposed well site are irrigated fields, fences and ditches as shown on the attached plat.

All operators of proration units offsetting the proposed unorthodox location have been notified of this application as corrected by certified mail.

A plat showing the proposed well location with its unorthodox footages and a plat indicating offset operator ownership are attached.

Sincerely,

L. A. Aimes
