Re: Northwest Pipeline Corporation  
Cox Canyon Unit #21  
C-16-32N-11W

Dear Mr. Wood:

The Application to Drill for the subject well indicates the target completion zone to be the Chacra formation.

The results of Case 5893 heard March 23, 1977, may cause the intended completion zone to be within the vertical limits of the Blanco-Mesaverde Pool.

Therefore, the Application to Drill will not be approved prior to a decision in Case 5893.

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick
