On 04/17/2001, Amoco Production Company submitted a request permission to convert the subject well from a dual string completion to a single string completion and commingle production downhole from the Blanco Mesaverde & Blanco Pictured Cliffs Pools. Production was proposed to be based on actual production from the subject Pools, however, the production figures used to calculated the percentage were in error. Correct production and percentages are as follows:

ALLOCATION Based on 2000 Annual Production

Formation	BBL	%	GAS	%
Mesaverde	73	100%	30430	54%
Pictured Cliffs	0	0%	25853	46%

14. I hereby certify that the foregoing is true and correct.
