Gentlemen:

I have examined the application dated 1-19-78
for the Southland Royalties Co. East #5A C-24-31N-12W
Operator Lease and Well No. Unit, S-T-R

and my recommendations are as follows:

*The infill well cannot be 790' from
the unit boundary because of the
shape of the unit.*

Dear Sir:

Southland Royalty Company hereby makes application for administrative approval of a non-standard location for the East #5A, a Mesa Verde infill well. The location is non-standard only because of the unusual acreage dedication shown on the attached plat and approved by administrative order #NWU-37 on May 12, 1955.

All offset drill tracts are owned by Southland Royalty Company.

Yours truly,

Curtis C. Parsons
District Engineer
