El Paso Natural Gas Company  
P. O. Box 990  
Farmington, New Mexico 87401

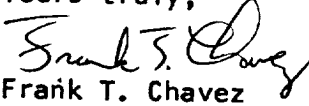

Re: Atlantic A #6A  
E-26-31N-10W

Dear Bill:

The temperature survey conducted after the intermediate casing was cemented in the referenced well, indicates a distinct possibility that the cement did not cover the top of the Pictured Cliffs formation behind the pipe. Please give this matter your prompt attention.

If you have any questions, please call.

Yours truly,

  
Frank T. Chavez  
District Supervisor
