13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This well has been shut-in since July 1997 and since the well had a sudden decline and production and has no tubing pressure, indications are that the wellbore has fill plugging the tubing. An attempt will be made to clean out the well with coiled tubing and re-establish production.
