Re: Montoya #1A, Tafoya #1A, Pan Am State #1A, Chavez #1A and
Jacquez #1A

Dear Mr. Parham:

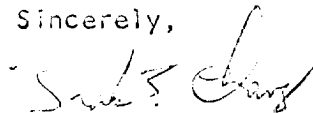

The intended locations of the Montoya #1A and the Tafoya #1A are not in accordance with Rule 104 of the Rules and Regulations of the Oil Conservation Division. Please refer to Paragraph F of Rule 104 and file applications for unorthodox locations, sending two copies to this office and two copies to the Santa Fe office.

We have added the word "Com" to the names of the Pan Am State, Chavez and Jacquez wells to comply with the attached memorandum.

Also attached is a sample of unit letter designations. The unit letter descriptions of all the above wells were corrected to comply with this standard description.

If you have any questions, please call this office.

Sincerely,

Frank T. Chavez
Deputy Inspector, District #3
