Your memo dated March 25, 1986 requested this well pad and access road be reseeded. This location has been seeded three times in the past and a recent inspection by Charles Werner (Meridian Oil) and Steve Shaffron indicated vegetation was starting to grow. It was agreed that this location would be reinspected by the Bureau of Land Management in the Fall to confirm vegetation growth. Please notify us prior to the end of planting season if this location needs reseeded.
