Horton #2A P-22-32N-11W ✓

Dear Mr. Chenault:

Your request to retest the referenced wells for deliverability is approved.

Sincerely,

Mr. Frank Chavez:

Ref: Kimbark Oil & Gas Co. Wells, Horton # 2 and Horton #2-A.

We would like to request a deliverability test be scheduled for the above wells. We would like to do this in order to increase the monthly allowables on these wells. Both wells are capable of producing more than the last test shows. Listed below is figures on what they produced on their last test and what they are producing now.

Horton #2	A-22-32N-11W	Previous Test	17 MCF/D	Present Prod.	209 MCF/D
-----------	--------------	---------------	----------	---------------	-----------

Horton #2-A	P-22-32N-11W	Previous Test	290 MCF/D	Present Prod.	476 MCF/D
-------------	--------------	---------------	-----------	---------------	-----------

Your help in this matter would be very much appreciated.
