Dear Mr. Ramey:

This is a request for administrative approval for an unorthodox gas well location in the Blanco Pictured Cliffs pool.

It is intended to locate the El Paso Natural Gas Company's Atlantic C #17 at 1300' from the North line and 1750' from the East line of Section 17, T-31-N, R-10-W, San Juan County, New Mexico.

To the north of this location site is a series of rocky ledges which make it impossible to build a site in this area. The well was originally staked as orthodox but has been moved at the land owner's request from a sagebrush flat to an area of less interference.

All operators of proration units offsetting the proposed unorthodox location have been notified of this application by certified mail.

Plats showing the proposed well location and the terrain of Section 17, along with an ownership plat, are attached.

Yours truly,

L. A. Aimes
