(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log (form).)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Action Oil purchased this lease in late 1990 by virtue of a sale ordered by the U.S. Federal Bankruptcy Court in Cause No. 11-88-00188MF, District of New Mexico. Although several hundred thousand dollars was paid by Action, the leases are still being carried as Chase Energy c/o Action Oil Company (see attached exhibits) and the transaction has not been completely finalized. Until all of the interest of Chase has been completely transferred to Action, it is unclear whether Action could obtain financing to do any extensive work on this lease.

Since Action does not have the cash available to do the kind of operations these six (6) wells need and since financing is presently impeded, it is unable to do what needs to be done.

We have discussed the possibility of horizontal drilling or fracing as two possible way to obtain production. We presently do not have the finances to do either. The debt service on the purchase from Chase has been reduced from over 287,000 to approximately \$100,000 and should be paid off in 24 months. At that time, hopefully, the transaction documents will be completed and Action will have the cash ability to either frac or horizontal drill.

Title 18 U.S.C. Section 1001, makes it a crime for any person knowingly and willfully to make to any department or agency of the United States any false, fictitious or fraudulent statements or representations as to any matter within its jurisdiction.

*See instruction on Reverse Side

Conditions of Approval

- 1) Extended temporary abandonment is approved until October 31, 1992. Workover or plug and abandonment operations must be completed by that time. Detailed plans for either of these objectives must be filed prior to commencing operations.
- 2) Report this well on the Monthly Report of Operations as temporary abandoned oil well (TAOW).
- 3) Maintain this location in a clean and workmanlike manner.
