Dear Mr. Stogner:

This is a request for administrative approval for a non-standard gas well location in the Basin Fruitland Coal pool. Order NSL-2382 was issued for the non-standard location in the Basin Dakota pool.

Meridian Oil Inc. is planning to plug back the Dakota pool and recompleate the Payne #11 in the Basin Fruitland Coal pool. This well in the northeast quarter is considered off pattern for the Fruitland Coal. To comply with the New Mexico Oil Conservation Division rules, Meridian is submitting the following for your approval of this non-standard location:

1. C-102 plat showing location of the well;
2. Plat showing offset owners/operators;
3. Affidavit of notification of offset owners/operators;
4. Copy of Well Completion Log for original completion.

A copy of this application is being submitted to all offset owners/operators by certified mail with a request that they furnish your Santa Fe office with a Waiver of Objection, and return one copy to this office.

Sincerely yours,

Peggy Bradfield
Regulatory/Compliance Administrator
