ARCO Oil and Gas Company respectfully requests permission to vent gas from the subject well for testing purposes. Initially, the well was openhole completed on 8/3/90. Testing yielded disappointing results. The well was then fraced and additional completion operations were concluded on 9/25/90. ARCO wishes to vent this well for a period not to exceed 30 days to allow us to evaluate the wells productivity. Produced water will be disposed of at Southwest Water Disposal.
