If well is directionally drilled,

14. I hereby certify Kevin King Title 6/21/94 Production Foreman (This space for Federal or State office Approved by Conditions of approval, if any:

SG Interests plans to trench from well pad to well pad, approximately 429 oft, to connect with El Paso Natural Gas meter. Two inch steel pipe will be buried a minimum of 36 inches deep. Working pressure is expected to be 305 psi; maximum operating pressure is 500 psi. We expect to carry up to 1,000,000 f of gas per

day.
