200 sx Class "B" plus 2% CaCl₂
380 sx Class "B" plus additives

SG Interests I Ltd proposes to drill a vertical well to develop the Fruitland Coal Formation at the above described site in accordance with the attached drilling and surface use programs.

An Archaeological survey will be conducted to determine any potential sites.

All of the access road for this well is located on this lease, so no right-of-way application is required.
