Dear Sir:

On April 22, 1960 we received in this office Form C-104, Request for Allowable, on your #1 Barker Dome Unit well in the NW $\frac{1}{4}$ Section 20-31N-15W. We have been holding this form until we received Form C-110, Authorization to Transport, which has not been filed as of this date.

You will not be able to transport oil from this well until the transporter authorized on such form has an approved copy. Will you please submit Form C-110 in quadruplicate so that it may be approved and an oil allowable issued.

Yours very truly
