Mr. Emery Arnold
District Supervisor
New Mexico Oil Conservation Commission
Aztec, New Mexico

Dear Mr. Arnold:

Enclosed is Westates Petroleum Company's Notice of Intention to Drill the Frank Bond & Son #1 wildcat well in Sandoval County, New Mexico.

On May 10, in the telephone conversation with the District Engineer, Mr. Kendrick, we discussed the fact that the proposed well is on unsurveyed land in this county. We have contacted the San Juan Engineering Company and they are presently tying this projected location into a known section mark on the west side of a large acreage block which we have acquired.

The survey plat will be forwarded as soon as it is completed. It is possible we may spud this well on Saturday, May 21, 1960.

Please contact me collect at Tabor 5-2854 in Denver if there is any additional information that we should supply to you at this time.

Thank you.

Very truly yours,

Dale R. Worth
