Dear Sirs:

I am enclosing deliverability test covering
the Marron No.1 well in SW 24-27-8.

24-27-8
The test on Marron No.2 was submitted on 5-18-55,
which test was a retest, and at the time it was made it was
my understanding suffice for the 1955 testing period and
that no additional test would be necessary.

Very truly yours,

John A. Egan
