Dear Ralph:

The above well has been plugged. A report has been filed. The location has been inspected by Commission personnel and has been found to be satisfactory.

I have received a request from the Travelers Insurance Company that the \$5,000 one-well bond be cancelled. They have also requested the cancellation date. The plugging report was filed in this office April 22, 1963 and I presume that this would be the date of cancellation.

Yours very truly

Bond No. 970764

We have received a copy of the miscellaneous report on Well #1 Crawford, located 2125 feet from the North line and 1010 feet from the West line of Section 30-29N-11W, indicating the well has been plugged, and therefore would like to cancel the bond.

We would appreciate your sending us a letter confirming cancelation of the bond and advising the cancelation date.

Thank you for your help in this matter.

A stamped self-addressed envelope is enclosed for your convenience.

Very truly yours,
