Describe Cause of Problem and Remedial Action Taken.\*

*A 4" poly line was hit while pushing top soil. Releasing approximately 70 bbls of oil + produce water. Line was shut in and crew cut and fused poly back together same day.*

Describe Area Affected and Cleanup Action Taken.\*

*The release affected approximately 75' x 25'. Panther Energy will remediate in accordance with NMOCD Regulatory Guidelines.*

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
