Brandon,

Your revegetation portion is denied. It needs to contain the seed mixture that you will be using as well as a noxious weed plan. Please update the work plan for re-submittal.

Thank you,

Subject: RE: Bridge State #602H (1RP-4649) Assessment Summary Report

Good morning Mr. Brandon:

NMOCD approves of the delineation completed for 1RP-4649. Backfill approval is given. Like approval from SLO is required for backfilling as well as the revegetation plan.

Please be advised that the submitted document is password-protected; hence, NMOCD cannot comment directly on the report.

Thanks,

Olivia Yu

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
