Dear Ms. Gonzales:

NMOCD approves of the proposed confirmation sample locations for 1RP-4726. Please note that Mark Naranjo will be the correspondent for NMSLO like approvals in the interim.

Thanks,
Olivia

Good Morning,

Attached is the Revised Work Plan for the COG Momentum 36 State #1, located in Lea County, New Mexico. The Revised Work Plan includes the seed mixture to be used for revegetation, as well as an updated Figure 4 which shows the proposed confirmation sampling locations.

Let me know if you have any questions or concerns.

Thank you,

Clair Gonzales

Good Afternoon,

NMSLO denies the plan as written due to the lack of the required revegetation portion. Please revise and re-submit for approval.

Thank you,

Subject: RE: COG Momentum 36 State #1 Work Plan Approval Request (1RP-4726)

Dear Ms. Gonzales:

NMOCD approves of the delineation completed for 1RP-4726. For the proposed remediation:

1. Confirmation samples are required to complete release characterization. Sample locations must be <= 50 ft. apart.
 - a. For the areas represented by T1, 4, & 7 proposed for surface scraping: confirmation samples at the edges. At least 1 sample each must be at the borders between T6 and T1/T4 and T6 and T7.
 - b. For the areas represented by T2, 5, and 8 proposed for 1 foot excavation:
 - Confirmation samples at the edges.
 - Confirmation samples at the borders with T3, T6 and T7.
 - Bottom samples at 1 ft. bgs must be within permissible levels. If not, proceed to the next foot.
2. For the area represented by T6, NMOCD requests that surface removal for elevated chloride levels.
3. A scaled map with the confirmation sample locations marked and excavated depths outlined is required.

Please confirm or inform if clarification is required. Like approval from NMSLO is required.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I
Olivia.yu@state.nm.us

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
