---

Good morning Ms. Haskell:

The available information indicates **OPERATOR** has met the requirements of 19.15.29 NMAC and no further corrective action is required. NMOCD considers **1RP-4651** closed. However, this determination by the Oil Conservation Division does not relieve Operator of responsibility should future information indicate a threat to ground water, surface water, human health, or the environment. Furthermore, it does not relieve Operator of responsibility for compliance with any federal, state, or local laws and/or regulations.

Thanks,

Olivia Yu  
Environmental Specialist  
NMOCD, District I  
[Olivia.yu@state.nm.us](mailto:Olivia.yu@state.nm.us)  
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

---

Olivia,

Please find attached a revised copy of the Remediation Summary and Soil Closure Request that has been prepared for the Gunslinger. I noticed an error in the "Soil Closure Portion" of the previous report. I apologize for any inconvenience. Thanks.

Respectfully,

Joel Lowry

**Subject:** 1RP-4651 - Gunslinger 11 Fed Com #001- Remediation Summary and Soil Closure Request

Ms. Yu,

Please find attached the *Remediation Summary and Soil Closure Request* that has been prepared for COG's Gunslinger 11 Fed Com #001 environmental remediation site. The site is located in Unit Letter "M", Section 11, Township 20 South, Range 33 East. If you have any questions or need any additional information, please feel free to contact Becky Haskell or myself by phone or email. Thanks.

Respectfully,

**Joel Lowry**  
Senior Project Manager
