Date: Monday, February 6, 2017 8:41:10 AM

Ms. Yu,

In the path forward submitted to NMOCD, Rice Environmental Consulting and Safety estimated groundwater to be 69 feet. They did not provide me with plat showing the groundwater. However since all contamination at the site was removed to below regulatory guidelines Apache request that the site be terminated. Please let me know if you have any questions or wish to discuss. Thanks and have a good day.

Dear Mr. Baker:

Please provide additional information about depth to groundwater using NM Office of State Engineers's database.

Thanks,

Olivia Yu
