Aloha Kim,

Thank you for the update on this site. The plan is conditionally approved.

Condition-

- 1) Remove as much of the impacted soil as possible and verify the integrity of the liner.

Please keep us informed.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
