1 YEAR
 Chevron U.S.A. Inc is requesting a 2-year TA extension for the subject well. The current TA status expires 1/16/14. Chevron would like to hold onto this well while work is pending on a 2015 WDDU infill drilling program for the South and East sides of the field.

During this procedure we plan to use the closed loop system with a steel tank and haul to the required disposal per the OCD rule 19.15.17
