The reason the attached C-104 is being amended:

When trying to submit the April 2015 C115, Production got an error on the Juice BUD State Com #4H stating that it had an Invalid Transporter. Production researched on the website and found that the transporter OGRID number which had previously been given to Yates was not on the updated list of Transporters on the OCD State Website. Contacted the OCD in Sante Fe about the issue and they got with Rio Energy International and issued a new transporter OGRID number to the company.

New OGRID: 370474

Old OGRID: 315593

We would appreciate your prompt attention in this matter so we can submit our C115.

Thank you,
