If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

The original APD for this well erroneously cited the deepest pool for this well as the Eunice Monument; Grayburg-San Andres (23000). In fact, with a TD of 7,400', the deepest pool should have been cited as the Wantz, Abo (62700). Attached is a revised Exhibit D-1 (C-102) reflecting the proper pool.

14. I hereby certify that the foregoing is true and correct.
