13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The above location was permitted and constructed in 1993. The well was never drilled and has been reclaimed as follows on April 27, 2009.

1. Backfill and level drill pit
2. Strip and remove caliche from location
3. Put in sand for new growth and contour to surrounding area
4. Remove caliche from access road, level and contour to surrounding area
5. Build earthen barricade at beginning of access road to prevent vehicular traffic
6. Seed using BLM # 2 mixture
