Seely Oil Company is applying for a buried gas line of a 2" SDR 11 poly, 200 psi rated, to carry the production from the Federal "22" Well No. 1 to the section line 330' east of the well. The gas pipeline company is bringing their pipeline over the State portion of Section 23 to the section line where the above line will be located. The buried line will be run on the north side of the existing access road, which has been cleared by Archaeological Survey Consultants and their report was submitted on October 22, 2007
