13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Operator will recompleate the above well on or before June 15, 2011 in the Yates formation in accordance with previous Sundry Notice dated August 13, 2010.

See Attached Conditions
awaiting partner approval for recompleation.

Contacted Joe Lindemood for clarification of the remarks above (hand written) as they were difficult to read. He stated they continued to have trouble locating a particular partner in their Joint Operating Agreement and they were trying to find/contact that partner for their approval of the proposed completion.
