Magnolia Pet. Co.
Box 2405
Hobbs, New Mexico

Gentlemen:

Mr. John Runyon, Deputy Oil & Gas Inspector for the Commission, has made an inspection of the location for your plugged and abandoned Santa Fe "E" No. 2 in Unit H of Section 29, T-9-S, R-36-E and has found that the rat hole is still open and that the location needs to be levelled.

Inasmuch as this well was plugged in 1956, we shall appreciate your giving this matter your early attention in order that we may close the file on the well.

Yours very truly,

OIL CONSERVATION COMMISSION
