I, Roy O. Yarbrough, State Oil & Gas Inspector, this day visited the Mid-Continent Petroleum Corporation, #1 State 12 Location, in the approximate center of the NE/4 NE/4 Section 16, Township 10S, Range 36E, Lea County, New Mexico. There is a Rotary Rig on the location in question. Rat hole was drilled this morning and arrangements were being made during my presence to actually spud the well this afternoon. Equipment for drilling a deep test is on this location.
