Morse "A" #1 - SWD
Unit A, Sec. 28, T10S, R37E
Lea County, New Mexico

Attn: David Catanach

Dear Mr. Catanach,

The Administrative Order SWD-454 was cancelled on the above referenced salt water disposal well because of non-use. The last date of disposal was December 1997. This well was been brought back into compliance and is ready to resume disposal operations. We; therefore, on behalf of C. W. Trainer respectfully request reinstatement of the order.

There have been no wells plugged and there has been only one well drilled and completed October 19, 1997 by UMC Petroleum Corporation, Rainer State #1, Unit B, Sec. 28, T10S, R37E within a half mile radius of the Morse "A" well.

Should there be any further requirements for reinstatement, please contact this office at the address below.

Sincerely,

Gaye Heard-Agent
C. W. Trainer
